

The Asaba Group (consulting arm) Completes Final Task Order for Air Force MTAPP Contract (May 2009)

After six continuous years of service to the Air Force as the lead technical services provider for Air Force Manufacturing Technical Assistance Production Program (MTAPP) The Asaba Group completed the final contract Task Order in May 2009. Across this contract, The Asaba Group provided hands on technical and managerial support to over 105 small business manufacturers. Following contract award in May 2003, The Asaba Group developed and deployed a series of supplier assessment and development frameworks to support the programs overall mission to “Enhance the contributions of small business within the Air Force supply chain to improve the affordability, effectiveness and sustainability of Air Force war fighting capabilities.” From FY 2003 to FY 2008, MTAPP supported suppliers realized consistent gains in contract awards and addressed many critical Air Force needs.

In total, The Asaba Group managed and executed over 400 individual engagements representing greater than \$8 million in contract awards. For more information on Air Force MTAPP or the over 100 suppliers that participated, contact The Asaba Group at Mtapp@asabagroup.com.
